PROFESSIONAL SUMMARY

Motivated B.Sc. Computer Science graduate (**Result Awaited**) with foundational hands-on internship experience spanning Data Science, Python Development, and Artificial Intelligence. Proficient in building predictive models, manipulating complex datasets, and translating raw data into actionable visual insights. A strong communicator skilled at bridging the gap between technical data workflows and business insights, eager to contribute technical skills to innovative, data-driven software and AI engineering teams.

TECHNICAL & COMPUTER SKILLS

Programming:	Python, SQL
Computer Skills:	MS Office (Excel, Word, PowerPoint), Google Sheets
Libraries & Tools:	Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, Git/GitHub
Data & AI Concepts:	Data Preprocessing, Machine Learning Fundamentals, Exploratory Data Analysis (EDA), Predictive Modeling

PROFESSIONAL EXPERIENCE

VIDYA VEDIC **Feb 2026 – Apr 2026**

Data Science Intern (Remote)

YHILLS EDUTECH PRIVATE LIMITED **Jun 2025 – Jul 2025**

Python Intern (Remote)

EXTERNS **Feb 2025 – Mar 2025**

AI Intern (Remote)

EDUCATION

CORE SOFT SKILLS & COMMUNICATION

Clear Technical Communication: Adept at translating complex data findings, algorithmic logic, and technical metrics into clear, actionable insights for both technical teams and non-technical stakeholders.

Collaborative Teamwork: Proven track record of working effectively across remote cross-functional teams, contributing actively to code reviews, debugging workflows, and collective problem-solving.

Analytical & Critical Thinking: Skilled at dissecting unstructured problems, analyzing data patterns, and designing structured, logical solutions.

Adaptability & Continuous Learning: Highly responsive to evolving project requirements and fast-paced tech environments, with a strong drive to master new AI frameworks and methodologies.
